A motion by Councilman Harbin seconded by Mayor Pro Tem Thompson carried unanimously (7-0) to approve the minutes of August 27, 2018 meeting as presented.

REQUEST CONSIDERATION OF A CONTRACT FOR THE SEWER ASSESSMENT PROGRAM

Utilities Director, Jeff Caldwell said in June 2014, the City began to develop several CMOM programs with the goal to eliminate all discharges of untreated wastewater known as Sanitary Sewer Overflows. One of the programs involves assessing the sewer system using various techniques. The goal of this program is to assess 10% of the system each year. On average, this equates to 27 miles of sewer line and over 600 manholes each year.

Plans include CCTV assessment of approximately 13.5 miles of gravity sewer and 550 manholes as well as zoom camera assessment of approximately 5 miles of gravity sewer. The assessment data is used to prioritize future capital projects under the Infrastructure Rehabilitation Program.

The City received bids on August 7, 2018 with interest from 4 bidders. A summary of the bids are as follows:

<u>Bidder</u>	<u>Amount</u>	<u>Location</u>
Pipetek Infrastructure Services, LLC	\$247,025	Taylor, MI
Hydrostructures, P.A.	\$281,260	Pittsboro, NC
VacVision Environmental, LLC	\$325,405	Greenville, SC
Compliance EnviroSystems, LLC	\$357,550	Atlanta, GA

Our wastewater department crews will perform the balance of the required 10% assessment using CCTV, SLRAT, and smoke testing techniques.

Moving forward with this project will allow the City to meet the goals of the CMOM programs.

The Continuing Sewer Assessment Program is funded in the FY19 Sewer Lines budget.

The Staff recommends the approval of an assessment contract with Pipetek Infrastructure Services, LLC in the amount of \$247,025.

A motion by Councilman Chapman seconded by Councilman Jeff Roberts carried unanimously (7-0) to approve a contract with Pipetek Infrastructure Services, LLC in the amount of \$247,025 for the Sewer Assessment Program.
